FAO SPECIES IDENTIFICATION SHEETS
FOR FISHERY PURPOSES

EASTERN CENTRAL ATLANTIC
Fishing Areas 34, 47 (in part)

edited by

W. Fischer and G. Bianchi
Marine Resources Service
Fishery Resources and Environment Division
FAO Fisheries Department, Rome
Italy

and

W.B. Scott
Huntsman Marine Laboratory
Brandy Cove, St. Andrews, NB
Canada

This publication has been prepared and printed as an integral part of the
FAO/Canada Government Cooperative Programme (Project GCP/INT/180/CAN)
with the direct support of the Canadian International Development Agency (CIDA)
and the Scientific Information and Publications Branch of the
Department of Fisheries and Oceans, Canada

VOLUME VII

CONTENTS:

**Alphabetical Index of
Scientific and Vernacular Names**

Published by arrangement with the
FOOD AND AGRICULTURE ORGANIZATION OF THE UNITED NATIONS

by the
DEPARTMENT OF FISHERIES AND OCEANS, CANADA

Ottawa, 1981

For bibliographic purposes this document should
be cited as follows:

Fischer, W., G. Bianchi and W.B. Scott (eds),
1981 FAO species identification sheets
for fishery purposes. Eastern
Central Atlantic; fishing areas 34,
47 (in part). Canada Funds-in-
Trust. Ottawa, Department of
Fisheries and Oceans Canada, by
arrangement with the Food and
Agriculture Organization of the
United Nations, vols. 1-7; pag. var.

Identification sheets. Taxonomy. Geographic
distribution. Fisheries. Vernacular names.
Bony fishes. Chimaeras. Sharks. Batoid fishes.
Lobsters. Shrimps. True crabs. Stomatopods.
Molluscs. Sea turtles. ASW

EXPLANATION OF THE SYSTEM USED

- Bold face** : Scientific species names (species and genera cross-indexed). Invalid names or misidentifications are marked with an asterisk
- ROMAN caps : Family names
- Roman l.c. : Vernacular names
- Abbreviations for major groups : BA.F = Batoid Fishes
 BIV = Bivalves
 BO.F = Bony Fishes
 CEP = Cephalopods
 CHI = Chimaeras
 CRA = True Crabs
 GAS = Gastropods
 LOB = Lobsters
 SHA = Sharks
 SHR = Shrimps
 STO = Stomatopods
 TUR = Sea Turtles
- P.G. : Picture Guide to Families
- Sheet Codes : Example - CLUP Brevo 1
 Family Genus Species

Note:

When no code is indicated, it means that the species or family in question is only mentioned in the introductory material to the corresponding major group.
